STUDENT ID: 14854389

Postgraduate Diploma in Computer and Information Sciences

Dear Mao

The 2015 AUT Summer Graduation ceremonies will be held on the 15th, 16th and 17th of December.

We have identified you as a potential graduand and subject to completion of all the academic requirements before Tuesday 1st December, you will be eligible to graduate at this time. This means that you must have passed all your papers, met any additional completion requirements and had any recognition of prior learning credited to your academic record.

There are different completion requirements for postgraduate research students, please refer to the Postgraduate Student Handbook.

In order to participate you need to apply to graduate which can be done online (see below). We recommend you do this immediately but it has to be completed before 3 November 2015. Please note that complimentary tickets for guests will not be available for late applicants.

Applying online is the easiest option at arion.aut.ac.nz - to submit your graduation application select the "Graduation Application" link under the Academic Details menu tab. Alternatively, email a scan of your completed form (attached) to graduation@aut.ac.nz or mail it to Graduation Office (B19), AUT University, Private Bag 92006, Auckland 1142

You should **NOT** wait for your final results to submit your application.

Towards the end of October we will send out details of your ceremony date and time or details of how you will be sent your qualification documents.

If we do not hear from you, you will graduate in absentia, but we will hold onto the qualification documents. If you do not wish to graduate with this qualification, please contact your programme administrator.

Note: The graduation handbook and guest tickets will be mailed out so it is important that you keep your postal address up to date.

The University will not accept any responsibility in relation to issues with the travel arrangements of you or your guests.

For more information about graduation see the graduation webpages - www.aut.ac.nz/graduation. For further assistance, please contact the AUT Student Centre - www.aut.ac.nz/studentinfo.

Yours sincerely

The Graduation Office
